- (4) Application shall include species, breed, gender, name of the animal, whether the animal has been altered, a current rabies certificate, if required, issued by a licensed veterinarian, and the name, telephone number and address of the owner.
- (5) It shall be within the discretion of the Animal Shelter whether to issue a license if there have been three (3) or more violations of this ordinance within twelve (12) month's time.
- (6) Upon issuance of the license and payment of all fees, the Animal Shelter shall issue to the applicant a durable tag stamped with an identification number. The Animal Shelter shall maintain a record of the identifying number of all tags issued.
- (7) The Animal Shelter shall charge fees for animal licenses and certain other charges pursuant to §AO.98. The Animal Shelter shall deposit all monies collected from this section into the Non-Reverting Fund for the Animal Control Runs Fund with the City Controller. The fees shall be collected by the Animal Shelter, or by its fiscal agent.
- (8) The license fee may be waived for certified service animals and governmental police dogs. These shall still be registered with the Animal Shelter and must obtain a license as any other.

IMPOUNDMENT

§ AO.23 IMPOUNDMENT AUTHORIZED

- (1) Any animal which is found by an Animal Control Officer to be in violation of this ordinance may be impounded and confined in a humane manner until reclaimed by its owner or otherwise disposed of in accordance with this ordinance.
- (2) Impounded animals, except those suffering from an injury or physical condition which causes the animal to suffer, shall be kept and maintained by the Animal Shelter for the following state periods:
 - (a) Impounded Animals: 3 days, not including Saturdays, Sundays and holidays recognized by the Floyd County Commissioners.
 - (b) Quarantined Animals: 10 days from the day the bite and/or scratch occurs.
- (3) Animal Control Officers are authorized to go on or about private property to seize an animal. If an animal is seized, the Animal Control Officer shall issue a written notice of seizure and leave it with the owner or affix it to the premises from which the animal was seized.
- (4) Impounded domestic pets, other than feral cats, shall be kept three (3) business days, unless reclaimed by their owner. If the owner can be identified by means of a license tag, collar ID, microchip, rabies tag or other means physically attached to or upon the body of the animal, the impounding agency shall notify the owner of the impoundment of the animal, and the animal will be held for five (5) days, not including Saturdays, Sundays and holidays recognized by the Floyd County Commissioners, unless reclaimed by the owner. Animals not reclaimed by their owners within the established time periods and those not placed in suitable new homes after such time, may be humanely euthanized. However, if an impounded animal has an injury or physical or medical condition, which causes the animal or other domestic animals to suffer, the Animal Shelter may immediately humanely euthanize the animal. For the purposes of this ordinance, the impoundment term shall commence on the date of delivery of the animal to the place of impoundment and not the date of notification of the owner. An owner desiring to reclaim an impounded animal shall comply with and pay such fees as provided by the terms and provisions of this ordinance. If an animal has been impounded because of a violation to this ordinance, the Animal Shelter may refuse to release the animal to its owner until the owner gives reasonable assurances that the conditions have been corrected or a court order is given requiring the Animal Shelter to relinquish the animal back to the owner. These assurances may be verified by an Animal Control Officer before releasing the animal back to the owner. If an animal has been impounded for any violation of this ordinance and such animal was adopted from the Animal Shelter or one of its offsite locations, the Animal Shelter may refuse to release such animal to the owner.
- (5) Animals not reclaimed by their owners within the applicable time period, may thereafter be placed in suitable homes, or may be humanely euthanized. Unclaimed animals that have been placed under rabies quarantine shall be humanely euthanized.

§ AO.24 REMOVAL OF ANIMAL IN IMMEDIATE DANGER

Any animal observed by an Animal Control Officer to be in immediate danger may be removed from such situation by the quickest and most reasonable means available.

§ AO.25 ANIMAL SHELTER TO RECORD DATA ON IMPOUNDED ANIMALS

Immediately after impounding any animal, the Animal Control Officer shall enter upon the records of the Animal Shelter the date of impoundment, a description of the animal impounded, and the location where the animal was impounded. A list of impounded animals shall be kept at the Animal Shelter.

§ AO.26 IMPOUNDING FEE; BOND

- (1) The Animal Shelter shall charge impounding fees, boarding charges and certain other fees pursuant to § AO.98. The fees shall be collected by the Shelter, or by its fiscal agent.
- (2) The owner of an animal that has been impounded under this ordinance and charged with a violation of this ordinance, may prevent disposition of the animal by the Animal Shelter caring for the animal by posting, not later than three (3) days after the animal has been impounded, a bond with the Animal Shelter in an amount sufficient to provide for the animal's care and keeping for at least thirty (30) days, beginning from the date the animal was impounded. The owner may renew a bond by posting a new bond, in an amount sufficient to provide for the animal's care and keeping for at least an additional thirty (30) days, not later than five (5) days after the expiration of the period for which a previous bond was posted. If a bond expires and is not renewed, the Animal Shelter may determine disposition of the animal. If the owner of an animal impounded under this section is found guilty or signs an agreement with conditions of an offense under this ordinance, the owner shall forfeit the bond to the Animal Shelter to reimburse the Animal Shelter for the expense of the animal's care and keeping. If the owner has paid a bond under this ordinance, the Animal Shelter may still euthanize an animal if a veterinarian determines that an animal is suffering extreme pain.
- (3) If the owner requests, the court or the Animal Control Authority, having jurisdiction of charges filed under this ordinance or IC 15-5-12 shall hold a hearing to determine whether probable cause exists to believe that a violation of this ordinance or IC 15-5-12 has occurred. If the court determines that probable cause does not exist, the court may order the animal returned to its owner, and the return of any bond posted by its owner.

§ AO.27 REDEMPTION OF IMPOUNDED ANIMAL

- (1) The owner of an animal may redeem the animal by paying all the costs and fines assessed that have accrued up to the time of making the redemption, plus the license fee for the animal, if required. Any animal not claimed by an owner, in accordance with the time periods described in this ordinance, shall become the property of the Animal Shelter and may be disposed of in any manner as is in accordance with this ordinance.
- (2) An application for redemption must be filed by the owner, if at all prior to the expiration of the impoundment term. If the owner cannot be identified, the Animal Shelter may request reasonable proof of ownership as a condition for the release of the animal. For purposes of this section, proof of ownership may include bills of sale; photos depicting the animal and the owner, vet records with owners name and/or similar evidence. In the event of the existence of a controversy pertaining to the ownership or right of possession of an impounded animal, the Animal Shelter may refuse redemption except upon the order of a court of competent jurisdiction.
- (3) Any animal impounded may be released only upon the application for redemption and after being fitted with a microchip, to facilitate future identification of the animal and owner. Any animal impounded two (2) times within a twelve (12) month period, such animal may be released only upon application for redemption and conditioned upon the spaying or neutering of the animal. The cost of either such procedures shall be paid by the owner of the animal. The Animal Shelter may release any animal at their discretion without an application for a microchip or spaying or neutering.
- (4) Any animal deemed to be suffering with extreme pain due to possible injury or apparent disease may be humanely euthanized before the holding period has expired.
